Dear Sir / Madam

Reference: Bodil Veibaek

I write with regard to providing a reference for the above.

Bodil has worked at Squire and Partners for over a year and a half (commencing May 2006), as part of a team of Architects and Illustrators producing high quality buildings both in central London and internationally. During her time here she has worked on a selection of wide ranging projects, gaining experience with architectural design, detailing, technical co-ordination and presentation for both residential and office buildings.

She has been responsible as Project Architect for Wigmore Street, a new build project which included the retention of an Edwardian Façade and new building office and residential building behind facing onto a traditional Mews street. This project was submitted for a detailed planning application recently, and Bodil took sole responsibility for its design evolution and presentation. She has also been involved in a number of conceptual design competitions on behalf of the practice.

Bodil is hard working, punctual and thorough in her work, and has proved a great asset to the practice during her time here. Her computer design and illustration skills are exceptional, and she has risen to any challenge and learning experience that we have set.

Yours sincerely

Matthew Holloway
